Hi, Li, Van and Andy,

I sent e-mail to Mr. William Thomson, who is now on vacation, so I knew that I have to contact one of you about art. I am working database area (707/+) now I am having an application not belong to DB, I tried to transfer it for a long time ago, but no one accept it, so I have to work on it. Last time (05/2006), I met William and he knew that this application is not DB and he gave some classes and subclasses from your art to search. Now I would like to have some opinions from you. May I see one of you about this application.

Thank you in advance.

Anh Ly

Thank you for your electronic mail communication.

I am out of the Office until December 4th, 2006.

Administrative issues- another WG SPEs.

Art related issues- Van Nguyen, Andy Ho or Li Zhen.

Transfer inquiries- Li Zhen.

Thank You.

Good Morning, William,

I am working for John Breene, database area. I am having an application related to **an engineering system of objects of the automation system**. This application was reviewed by you on 5/5/2006 and you said it does not belong to Database (707/+) and you gave me some classes and subclasses to search. Now it come back I would like to see you for more information. If you have time please let me know about it. This application must be out this biweek.

Thank you in advance

Have A Greate day

Anh Ly
